EXPERIENCE

Naxos of America – Nashville, TN   *Aug. 2014 – May 2016*
Software Engineer
Planned, designed, and developed web applications for streaming music, user management, and subscription creation. Worked on the full stack from data access to business logic to UI. Helped optimize our project management process based on Agile.

Intergraph Corporation – Huntsville, AL   *May 2013 – Aug. 2013*
Software Engineer Intern
Worked with a team of 6 to plan, develop, and test front-end updates, a new licensing system, and an improved delivery format for our GIS product.

CS Tutor – Atlanta, GA   *Jan. 2013 – May 2013*
Responsible for helping teach a student new to programming the fundamentals of Java, which resulted in him receiving an A in the class.

Georgia Tech OIT – Atlanta, GA   *July 2012 – May 2014*
A/V Technician Student Assistant
Provided technical support for all multimedia hardware and software in campus classroom and business buildings, which involved diagnosing user problems, repairing malfunctions, and training new users.
